

**Sample letter:**

Dear \_\_\_\_\_,

I, like many Oregonians, was very disheartened to hear of Governor Brown going back on lifting her previous local control and mask mandates, specifically for K-12 schools.

I understand that as a public school in Oregon, you aren't given any choice but to abide by the ODE and the Governor. This letter is to inform you that my child(ren), \_\_\_\_\_ will be unerolling until masks are permanently optional and you have local control. I would also encourage you to please write a resolution that you will exercise local control and make masks optional. We will then return.

I understand that this is putting you and the staff in a very tough spot. Please know that if I felt this could be avoided, I would do so. It seems that our Governor is opposed to hearing the voices of the majority of her constituents who are opposed to mandating masks on children. We simply want the decision making to be left to the local school board as RSSL stated it would be.

Sincerely,

M/M \_\_\_\_\_
